COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The close of the 1970 fiscal year finds us with normal tax collections for the current year with some improvement in the older accounts.

Our auditor plans to be here Jan. 18 which will give us time to get his report in the annual town report this year. Last year we did not ask for his services early enough, therefore we had to wait until he had done several other municipalities before he could come here.

We have a bulldozer working on the West Bethel Flat Road early this year. The wind has blown every day causing us to keep a truck going very nearly steady. It now has the banks up as high as it can push them and the road is very narrow where the wind has caused the worst drifting. The bulldozer started work Wednesday but had to stop after a short time due to the cold and blowing snow.

HAPPY NEW YEAR

ANNUAL ALIEN REGISTRATION DUE IN JANUARY

A. A. Poulin, Jr., District Director of the Maine District, of the Immigration and Naturalization Service stated that the annual alien address report program usually causes a sharp rise in the number of applications for naturalization.

The law requires all aliens in the United States, with few exceptions, to report their addresses each January. Throughout the United States, almost thirty per cent more applications for naturalization are received during the months of January, February and March than are received during other months. Mr. Poulin attributes this sudden rise to the Alien Address Report Program.

Aliens not required to make this report are diplomats and those persons accredited to certain international organizations.

Forms for making the reports will be available to aliens at all Post Offices and offices of the Immigration and Naturalization Service during the month of January. Mr. Poulin indicated that aliens desiring information concerning naturalization or similar matters should obtain the forms at an office of the Immigration and Naturalization Service where personnel trained in these fields will be available to answer inquiries.

NEW ORGANIZATION TO PROVIDE INFORMATION TO NURSING MOTHERS IN AREA

La Leche League, the international non-sectarian, non-profit organization offering information and support to nursing mothers, has formed a new group to serve Oxford County and the surrounding area.

Formed 14 years ago in Chicago by seven experienced mothers whose friends wanted to know how they, too, could succeed at breastfeeding, the organization has grown to more than 1,000 groups in the United States and has branches in 11 foreign countries. There are medical advisers who act as a review board for La Leche League information and policy.

This enormous growth of interest in breastfeeding follows many decades when bottle feeding and four-hour feeding schedules were fashionable. This tended to break the tradition link of breastfeeding information from mother to daughter and often left those women who wished to breastfeed without a reliable source of information. La Leche League arose in response to this need, providing the opportunity for one mother to learn from another the benefits and art of breastfeeding.

Believing that breastfeeding is easy, natural and enjoyable, the experienced mothers teaching La Leche League extend themselves on a friendly informal basis to give information, encouragement and practical suggestions to all interested women through telephone counseling and a continuing series of informal discussion meetings based on the League's manual "The Womanly Art of Breastfeeding." The series of four meetings begins with "The Advantages of Breastfeeding to Mother and Baby." The other three meetings of the series are "The Art of Breastfeeding and Overcoming Difficulties," "Birth of the Baby: The Family and the Breastfed Baby" and "Nutrition and Weaning." The meetings which will be held the second Monday night of every month, are open to nursing mothers and their babies, as well as pregnant women and other women who are interested. The first meeting will be held Monday, Jan. 11, 7:30 p. m. at the home of Mrs. Edwin Cummings, 21 Deal Street, Norway.

For further information, please call the Group Leader, Mrs. Denis Cunniff, Bryant Pond, Maine. Tel. 824-2200.

Mr. and Mrs. Guy Parker Jr. and family of Devon, Conn. were weekend guests of Mr. and Mrs. Harold Stevens Kim and Mitch remained for the vacation recess.

COUNTY PROJECTS LISTED FOR STATE'S HIGHWAY PROGRAM DURING NEXT BIENNIAL

The Maine State Highway Commission today announced a highway construction program for the next two fiscal years of 1971-72 and 1972-73. Implementation of the Commission's program is contingent upon many factors including availability of Federal funds and allocation of State monies during the biennium.

Listed for fiscal year 1971-72 in Oxford County are the following projects, totaling \$1,519,000:

U. S. Route 2, Bethel, 2.36 miles of highway starting .8 of a mile north of the junction of U. S. Route 2 and State Route 26, at a budget estimate of \$300,000.

State Route 120, Roxbury, 1.5 miles of highway beginning .75 of a mile westerly of Route 17 and extending westerly, including preliminary engineering, consisting of mapping and location study for about 4 miles. End of construction to be determined by location study. \$479,000. Town to provide an additional \$21,000 of joint State Aid funds.

State Route 17, Byron, 4 of a mile of road beginning 2.41 miles north of Roxbury town line and extending northerly. Location now has hazardous dips and very narrow pavement. \$40,000.

U. S. Route 2, Dixfield, beginning 1.03 mile southerly of Carthage town line, resurfacing 7 miles of highway southerly and westerly to Dixfield village. \$100,000.

Projects proposed for 1972-73 in Oxford County include the following at an estimated cost of \$725,000:

Route 118, Waterford, .9 mile of road, starting 3 of a mile westerly of the Norway town line, extending westerly. The \$350,000 project will ease a high accident location.

Route 16 Magalloway Plantation, 1 of a mile, .31 mile east of the New Hampshire state line. Elimination of structural deficiencies and hazard of curved approaches of Brown Farm Bridge. \$210,000.

U. S. Route 2, Gilead, beginning 1 of a mile east of New Hampshire state line and extending easterly for .5 of a mile to remedy a sharp curve. \$125,000.

Route 219, West Paris, .6 of a mile beginning at Sumner town line and extending westerly to ease a high accident location. \$40,000.

A REMINDER TO SNOWMOBILE OPERATORS

This year, as in the past, the Gould Academy ski team asks for cooperation in maintaining the cross-country ski course in the area of Pine Hill. The course, marked with yellow and day glo pink blazes, crosses Lover's Lane, skirts Lord's Tree Farm follows the old road along the west base of Pine Hill, turns toward the village near the Grover Hill Road and crosses Lover's Lane once more. Because of their weight and belt drive snowmobiles obliterate the ski tracks which are necessary for efficient and safe cross-country skiing. Thus it would be greatly appreciated if snowmobile operators would refrain from using the racing trail during the season which ends March 7, 1971.

HISTORICAL SOCIETY TO MEET NEXT THURSDAY EVENING

A regular meeting of the Bethel Historical Society will be held Thursday evening, Jan. 7, at 7:30. Carol Hank Rowland Chapman will speak on old buildings and residents in the village area and refreshments will be served.

Donations to the "mile of pencils" include five yards from Florence Thurston and two yards from Edie Bennett.

YULETIDE AT EAST STONEHAM AND NORTH WATERFORD

In whatever direction you approached East Stoneham this season, in the evening, you were warmed by the colorful lights that gleamed in all the windows and on the beautiful Community Tree.

The Church School Christmas supper and party, with a program and appearance of Santa Claus, was followed by the All Parish Candlelight Service on Sunday evening, Dec. 20. Choirs from East Stoneham and North Waterford provided the music with Deanna Andrews as soloist.

The North Waterford Christmas supper on Saturday night brought out many families from the community. A movie and the arrival of Santa Claus with gifts for the children was a happy climax.

Wednesday night, Mr. and Mrs. Charles Kent were hosts for a Christmas supper at the Vestry for the members of the North Waterford Choir. Following choir rehearsal, there were games, and then a candlelight supper of turkey, mashed potatoes, carrots and corn, peach Jello and strawberry-pineapple salads, rolls, and chocolate Christmas pie. Guests included: Deanna, Rosemary and Wyatt Andrews; Douglas Grover, Rhonda and Serena Kimball; Gail Kimball; Cheryl Delilah, Luann and Thelma McCabe; Vickie Millett; Vickie McAllister; Carolyn Holt; Billy MacDonald; Gary and Darrell Roak; and Gary Spencer.

NEW CHRISTIAN SCIENCE RADIO SERIES ANNOUNCED

Launching of a new radio series has been announced by James H. Lawrence, the Christian Science Committee on Publication for Maine.

"Inspirational in purpose, 'The Truth That Heals' series," Mr. Lawrence said, "is designed to be of help to people of all faiths. The fifteen minute broadcasts have a fresh, documentary tone. In recorded spontaneous conversation, people from many lands share first-hand experiences which show the relevance of spiritual power to today's needs."

"Beginning Sunday, Jan. 3," Mr. Lawrence said, "nearly 1,000 radio stations, including six in Maine, will broadcast 'The Truth That Heals' every week in the same time periods allotted to broadcasts in the previous Christian Science Series, 'The Bible Speaks to You' which has been on the air for more than eight years."

The drug scene and other timely topics will be explored in the series. Portions of the new broadcasts are recorded on location. The programs are produced by the recently established Film and Broadcasting Department of The Mother Church, The First Church of Christ Scientist, in Boston.

Host of the series is Ralph Camarog of New York. Music is provided by Larry Groce, internationally known singer of contemporary religious ballads. His album, "Peace and Joy and Power" is currently on display in local Christian Science Reading Rooms. Mr. Groce is accompanied by John Near on the organ of the Original Edifice of The Mother Church.

Featured in the January broadcasts on "The Truth That Heals" are insights shared by Inman Douglass of Dallas, Carol Allen of Boston, Yoshikuni Hosokuni of Tokyo, Clee Sops of Principia College, Rose and Peter Henscher-Heaton of Boston, Nathaniel White of New Jersey, and Jack Habbell of Palo Alto, Calif.

"What Can I Do to Help and Heal?" is the title of the opening broadcast in the series on Sunday, Jan. 3.

Mr. and Mrs. Harvey Sweetser of Jamaica Plain, Mass., spent the holiday week end in town.

Mr. and Mrs. Richard Packard and Jennifer of Ipswich, Mass., were week end guests of Mr. and Mrs. Frank Packard and family.

Mr. and Mrs. Glenn Bangs and Deanne, spent the week end in Machias, returning on Tuesday after visiting Mr. and Mrs. Irving Bangs.

Mr. and Mrs. Stephen Dock of Nashville, Tenn., visited Mr. and Mrs. Norman Dock on Monday. Sue Pollard of Woburn is a guest of Gretchen Dock this week.

WHAT CAN I DO TO HELP AND HEAL?

The first program in this new series includes experiences of individuals who were healed through discovering a greater compassion for those around them.

It's on more than a thousand stations. Consult your local listings.

TEACHER PROFILE

Mrs. Lettie D. Brooks

This is the familiar face of Lettie D. Brooks, Grade 1 teacher, at the Woodstock Elementary School, Bryant Pond. At the present time she is enjoying a student teacher, Miss Haverinen, of Farmington State College, which is a new interesting experience.

Mrs. Brooks graduated from West Paris High School and Gorham Normal School. This year will complete her 20th year of teaching.

The most wonderful school experiences to her were her first three years which were spent at "Pinhook," now called North Woodstock. It was a rural school with all grades and the nicest families and children lived in that small community. All the families were very appreciative of the work done in that little rural school and she says they were like one great big happy family. She has, of course seen many changes during her teaching career which began in the thirties.

She states the reason she has continued to teach for so long is because she truly loves children. Also that teaching is such a great challenge and it is fun to see just how much one can accomplish from September to June.

Besides attending the various school functions, Mrs. Brooks enjoys

el; Mr. and Mrs. Leo Stearns of Portland; and Mike Inman and Miss June Bailey.

Cuvier Hutchinson and granddaughter, Miss Beth Bumpus, of New Sharon, were Sunday dinner guests at Harlan Bumpus.

MARTHA'S

THE YORK FAMILY

GREENWOOD CITY

— Mrs. Collette Morgan, Corres. —
The night wore away. Stars turned to the west and were not yet out when I arose on Wednesday morning.

Sunrise began and across the hills the December sun glistened on encased twigs and branches of new snow. Beauty was rich in the brightness of the morning, a world of sparkles on this unfolding day. We even enjoyed the sweeping and shoveling of the fluff from the driveway.

In the afternoon I strapped on my snow shoes for a jaunt to the woods. The snow was so light that it was very hard traveling.

Browned weed stalks reached up with their white caps through the feathery cover. Cotton blossoms were everywhere along the way.

The alders and birches were bent and clustered while others stood like sentinels by my side.

In the distance there was the ringing sound of chopping as if some lonely woodsman were at work with his ax. A pileated woodpecker, no doubt on an old stump, excavating a deep hole in search of food. I could not travel well enough to go his way, up the hill, so I turned left from the old road to the thicket between the main road and home. Here my snow shoes carried me over mounds, around fallen trees, beside stumps crowned with whipped cream in high peaks rising like inverted ice-cream cones and under low branches some of which showered me as I passed.

On one "ice-cream cone" I saw a blue jay which seemed to be bathing in the snow tossing the light dry flakes just as if it were water. The chickadees of course were everywhere going from tree to tree along my trail.

An hour in this elderdown stuff, plus two samples of it on the ground to make me really look a white stump was enough. I entered the main road which took me to the solitude of home where the snow on the lawns lay deep and trackless.

Then I heard them: the drums in the elms! I looked up to count five woodpeckers, three nuthatches, laughing at me, and several chickadees cracking sunflower seeds.

I thought how I'd miss them another year for the elm, like so many others, must come down, come spring. But at present I knew that without birds where would we have learned that there can be song in the heart.

Because of the heavy snow some Christmas plans were postponed. Mr. and Mrs. Fred Curtis entertained their children and families on Saturday evening.

Mr. and Mrs. Leonard Holt had as guests Mr. and Mrs. Maynard Chase, Rena Brown, Lucy Barrows, West Paris; Mr. and Mrs. Robert Holt and Danny, Bangor, Mr. and Mrs. Clyde Morgan.

Mr. and Mrs. Erwin Hayes and family, New York, came on Wednesday to spend the holidays with Mr.
